AMERICAN LOCOMOTIVES

TECHNICALLY SUPERIOR TO THE MA-CHINES BUILT IN ENGLAND.

The 10 Per Cent. Reduction of the Employes on the C., A. & C. Re-

stored-General Notes.

John H. Converse, of the Baldwin locomotive works, says: "The American locomotive is holding its own wherever it comes into comotives. The superiority of one locomotive over another is a technical question. Other manufacturers, that is, the manufacturers of other countries, believe their locomotives the best, just as we believe ours to be. I am not prepared to criticise the English lotives in America build on the principle that it is unwise to spend a dollar in constructhat is not necessary. In England there is greater capital, the same return from inmoney is expended in such ways as the making of locomotives to a degree that we of America would not consider necessary. The American locomotive will cost, on an average, \$10,000. The English locomotive costs a good deal more. We can buy the material for a locomotive and construct the machine in about six weeks. The English locomotive is built somewhat differently, and a longer time is consumed in the task. Our material is cheaper, much cheaper, but we believe that we gain as good results from it as could be desired. Our labor costs us 50 per cent, more than the English manufac-turer pays, but we believe we get much bet-ter results from that payment. Our locomotives are heavier than the English, but our reason for building them of the present weight is to gain increased speed and traction power. Thirty years ago our locomotives weighed from twenty-five to forty tons; they now average sixty tons, and give a power of endurance which the lighter locomotive would not possess. We do not arbitrarily fix the weight of the locomotives we build for our patrons, they designate

that, and we fill the order.' Do Not Want an Investigation. The Chicago Record says this morning: "Chicago railway men are preparing to head off the Interstate-commerce Commissioners' investigation of export and domestic freight rates, set down for June 12. As a preliminary the Eastern, Western and gulf lines have reached an agreement upon the differentials to be allowed the gulf lines on export business, as against the Atlantic lines. It has been decided that export grain coming from the Missouri river points might be taken to the gulf at a rate of 41/2 cents per 100 pounds below that by the Eastern roads to Newport News and Baltimore. With a 16-cent rate on corn from the Missouri river to Baltimore the rate to the gulf ports would be tion is found to be acceptable to all the interested lines the differences between dorestic and export rates, which have latterly been the subject of complaint before the interstate-commerce Commission, can eas-ly be adjusted. The chief reason given by the Eastern lines for making such a disnation was the competition of the othern lines. Half a dozen meetings have een held for the purpose of determining titled to, but no agreement was reached fore. Now that this has been done, the meetic and export freight rates would

Personal, Local and General Notes.

seem to be disposed of."

The Boston & Albany will substitute coke or coal as fuel for locomotives hauling fast

roi of the Pittsburg & Western.

held in Terre Haute yesterday. board of directors was re-elected C. S. Wight, manager of freight traffic of the Baltimore & Onio, sailed for Europe this week, to be absent several weeks.

& Chicago, which for thirty-five years has been in constant service, is being fitted up to haul official trains. The Brooks locomotive works are now turning out an engine a day for the Erie Railway. They are said to be a very superior locomotive in all respects Thomas Fitzgerald, general superintendent of the Baltimore & Ohio, accompanied

by his wife and son, has gone to California and will probably be absent a month. The private car of John F. Miller, gen-eral superintendent of the Pennsylvania's Southwestern system, 's in the shops at Columbus, undergoing general repairs. The directors of the Chicago & Eastern Illinois on Tuesday declared a 1½ per cent. quarterly dividend on the preferred stock and a 2 per cent. dividend on the common

stock. Engine 571, on the Peoria & Eastern, is being rebuilt at the Urbana shops, and. ake \$4.86% its mate, turned out a few weeks ago, as 4.85%. expected to be a very fast and powerful loco-

The twentieth annual convention of the International Railway Surgeons met in Richmond, Va., yesterday. The sessions will be devoted to subjects of interest to railway

The improvements now under way on the Nickel-plate between Fort Wayne and Chicago will cost over \$1, 90,000. The entre distance is being laid with an eighty-pound steel rail. Col. Samuel Moody, assistant general pas-senger agent of the Panhandle lines, is so ill as to confine him to his home. Physicians say he has been confining himself too close-

Western lines yesterday brought into Indianapolis twenty-one carloads of wheat, eighty carloads of corn and five carloads of oats, and the receipts of horses, cattle and hogs were large.

May, 1899, was the best May at Indianapo-lis with the Big Four. The passenger re-ceipts of May, 1898, were largely in excess of those of previous years, and May, 1299, shows a gain over 1898.

The through sleeping car recently put on between Louisville and Detroit over the Pennsylvania lines and the Jinginnad, Hamilton & Dayton via Indianapolis has aiready reached a paying basis.

The Rogers locomotive works are building for fast express service on the Great Northern road several locomotives of the ten-wheel type, similar to those in use on the Pittsburg. Fort Wayne & Chicago. It is stated that there is some truth in the report that the New York Central is try-ing to unload the Dunkirk, Allegheny & Pittsburg on the Lake Sipre. That such a

deal is pending is admitted by officials. The Big Four pays 51 per cent, of the expense of maintaining the union Radway Station, 411/2 per cent. of the cost of operating and maintaining the Union tracks and

Freight traffic over the Panhandle is gain-ing very heavily. In the twenty-four hours ending Monday morning, between Columbus and Pittsburg, fifty east-bound and forty-three west-bound freight trains were han-

The employes of the Cleveland, Akron & Columbus, which recently passed into the ownership of the Pennsylvania Company, have had the 10 per cent. cut in wages, made in 1893, restored. The increase will take effect for May. Notwithstanding the fact that many of

the Indianapolis manufacturers are again using gas for fuel under their boilers, the Vandalia is bringing in from forty to firty carloads of Clay county coal daily for use of local manufacturers. The Pittsburg, Fort Wayne & Chicago

has let the contract for two new buildings, 200x300 feet, as an addition to its shops at Allegheny. The shops at that point have been overcrowded with work, and this step Edward D. Spencer, general agent of the passenger department of the Great North-

ern Railway at New York, has resigned. F. L. Whitney, general passenger agent of the road, who is now in New York, will select a successor before he returns. Henry Miller, of Zanesville, O., has filed a petition in bankruptcy, in which he gives his liabilities at \$358,778 and assets nothing.

This great liability comes from his connection with an abandoned railroad project known as the "Old Calico" Railroad. The new issue of four-track series No. 3, an illustrated and descriptive folder of for-ty-eight pages, entitled, "America's Great Resorts," has just been issued by the pas-senger department of the New York Cen-

tral, and contains valuable information regarding pleasure trips. Grain and live-stock buyers in increased numbers are purchasing grain and stock on the Ohio river division of the Indiana, Decatur & Western. Tradic manager Lez-arus has issued a freight tariff which gives shippers on that line advantages they have

not heretofore enjoyed. The Mobi'e & Birmirgham Railroad was transferred to the Southern Railway last midnight on a ninety-rine-year lease. F. G. Brodor, formerly general freight and passenger agent of the road, has been appointed division freight agent of the Southern, with headquarters at Selma, Ala.

Arrangements for the thirty-second annual convention of the Old Rellable Conductors Association have been completed. The place of meeting is Hot Springs, S. D., June 12. The Chicago, Burlington & Quincy will tun a special train from St. Louis to accommodate the delegates and their friends.

The Erie Railway Company is expendare 270 extra men at work putting in new ties and laying heavier steel between Mead ville and Kent, and between Leavittsburg and Kent the entire distance is being re-

A collision on the Pittsburg, Fort Wayne & Chicago of a train composed of steel cars, 100,000 pounds capacity, has demonstrated that, unlike the wooden car, under certain conditions, they can be so damaged as to make them practically worthless until taken to pieces and the sill straightened. In this wreck three cars were badly used up.

President Truesdale, of the Lackawanna lines, expects to effect a saving of \$50.000 per annum by a concentration of the shops on the system. The chaps named we be closed Sept, 1, as by that time President

Rumor having gained currency that there were to be further official changes on the New York Central led to an inquiry of President Callaway whether there were any grounds for such reports. He replied: "No: I have made all the changes I expect to. The New York Central working staff is now in compact, systematic shape, and we are going to earn some money for its owners.' Three more old employes of the Lackawanna Railroad have resigned-J. W. Baker, Jacob Kundz and Henry Shoemaker. All held official positions. They say they have had their authority taken away from them by the new officials. All have been in the employ of the Lackawanna road more than thirty years. J. W. Baker had been superintendent of the Dover car shops

Governor Candler, of Georgia, announces that the State of Georgia will proceed against the Central of Georgia Railroad for violation of the Constitution in defeating competition. A suit will be brought in behalf of the people of Eatonton, who assert that the Central of Georgia Railroad, in acquiring by purchase the Middle Georgia & Atlantic, running from Covington to Milledgeville, has violated a cardiral principle of the Constitution.

Fortunately for the Louisville & Nashville, with the restoring of its 10 per cent. in wages of the employes, its business shows a handsome increase. The earnings of the road for the third week in May were \$34,905 ahead of the corresponding time last year, and since July 1 the increase over the corresponding period of last year is \$1,267,-903. The Southern Railway also makes a favorable exhibit, its earnings showing an

increase since July 1 of \$2,171,381. Representatives of the passenger department of the Southern Pacific in the North yesterday received the following telegram from S. F. B. Morse, general passenger agent of that road at New Orleans; "If any reports, printed or otherwise circlulated, regarding interruption to through traffic by our line on account of an alleged case of fever at New Orleans, take prompt measures to correct it. There is no interruption

in the through traffic, nor do we anticipate Effective June 1, the Southern Railway will make its one and two-thousand-mile tickets good over the Alabama Great Southern between Chattanooga, Birmingham and Meridian, also mileage tickets of A. G. S. issue will be good for transportation over the lines of the Southern Railway and also over the lines of the Northern Alabama Railway. Southern Railway one and twothousand-mile tickets are, therefore, now good over the entire system, covering more than 6,000 miles. These tickets are good

only for the person named therein. About the only straight-out railroad "swap" ever heard of was when the Santa Fe Company traded its Mexican division, which runs from Benson, A. T., to Guaymas, the chief port of the Gulf of California, for a line owned by the Southern Pacific from Needles to Mojave, in the California desert. The Sonera branch of the Santa Fe was 353 miles long, while the Needles branch of the Southern Pacific was only 240, but the difference in the construction and equipment made them about the fame value, and the exchange was even on both and the exchange was even on both

BEARS RAID THE MARKET

Engine 401, of the Pittsburg, Fort Wayne WITH SENSATIONAL DECLINES.

> No News to Give Courage to Bull Trader and Plenty to Make Bears Jubilant-Local Trade.

At New York yesterday money on call was steady at 21/02% per cent.; last loan, 21/2 per \$4.85% and \$4.88%; sixty days, \$4.85 and \$4.87.

Prime mercantile paper, 31/641/4 per cent. Sterling exchange was firm, with actual business in bankers' bills at \$4.88@4.88% for demand and at \$4.85% @4.86 for sixty days; posted rates, \$4.86\4@4.87 and \$4.89; commercial bills, \$4.85\4@

steady at 28 1-16d an ounce.

11,700; Tennessee Coal and Iron, 15,400; Union Pacific, 7,900; Western Union, 6,800.

There was a recrudescence of bear sentiment more formidable array than at any time hitherto since the spring reactionary period has been in force. This sentiment met a decisive check after financial interests in the country combined to about carrying short contracts over for so long a period. Yesterday's slump in prices seemed to Inspections-Wheat: No. 2 red, 10 cars; No. 3 be distinctly a development of the day's opera- | 9; rejected, 2; total, 21 cars. Corn: No. 3 white, ing of the stock market and a seeming expectation of a dull day, based partly on the fact of the running of the Derby in England and the change. Some of the stocks which suffered most

signs of strength proved to be of short duration and by noon the bears were in complete possession of the field. Early declines were obviously due to manipulation. But as the bears gained courage and assurance and extended their raid they got richer and richer returns and before the day was over the general process of liquidation spasmodic recovery of Sugar in the first hour there was no material support accorded prices at any point in the list. There were several deacquiescence in the view of the bear party that

lower level of values must be accepted. The belief that gold exports are unavoidable and probably imminent played an important part in the reactionary temper of the street. With sterling exchange at \$4.88 for demand, which is within a fraction of a cent of the gold export point, and still rising, while discounts in London New York at 1% per cent., it is not easy to see how an export movement of gold is to be avoided, though it is just as difficult to understand why such- a movement, under the circumstances, should excite alarm. The report of a case of quarantines against Louisiana gave more substantial reasons for reaction in values, and the railroads in that section were severe sufferers. Surmises as to the effect of the New York franchise tax bill and fear of an encroachment on the Sugar Company's divisible surplus to carry on the in east-bound tonnage from Chicago, a disappointing statement of earnings for the current month by Northern Pacific and of net earnings for April by the same road, the small increase in the Burlington surplus after charges for April and a deniel that St. Paul's net decrease for April was due to any increase in operatings expenses all served to accentuate the feeling of discouragement over existing values. Some of the striking declines at the extreme low point Transit, 64; Manhattan, 54, and a long list of stocks, Southern Pacific and Southern preferred fell from 3 to 31/2 points, while a still larger number of railroads, including members of the granbetween two and three points. In the outside

and the old fours, registered, advanced 1/4 in Hazelton, Perth, Ambov, Delano and the bid price, while the old fours, coupon, de-Ithaca, N. Y., with those at other points clined %. The threes, coupon, sold at 109%, which

is a record price. Truesdale expects to have the rolling stock | The following table, prepared by L. W. Louis,

LOCAL GRAIN AND PRODUCE.

Rainy Weather Checks Trade Somewhat-Prices Firm and Steady. Rain for several days in succession has more or less curtailed trade in some lines, still it is

so largely in excess of the corresponding period last year that no complaint is heard. In prices so slight are the changes that it is difficult to get anything new. Whenever there is an advance it is generally slight and expected, so that the retail merchant is prepared for it. Provisions, leather and hide markets rule unusually steady and all are active. Receipts of grain are larger of late and the narket is more active and all cereals are in

active request at the following range, as fur-nished by the secretary of the Board of Trade: Wheat-No. 2 red, 75c; No. 3 red, 70@74c; May, 75c; wagon wheat, 74c. HIGHER CABLES CAUSED A WILD SCRAMBLE FOR JULY FUTURE.

Other Grain Stronger in Sympathy-Pork Went Off on Yellow Fever Reports from the South.

touching 79%@79%c for July, the highest price in several months. Profit-taking caused a reaction near the close, leaving a net gain of 1%@1%c. Corn rose %@%c and oats %@%c. Provisions declined on yellow fever reports, pork closing at a decline of 30c, lard 10@124c and ribs 15c. Wheat opened excited at 14c over Monday's close. An exceptional advance at Liverpool and rumors that the winter crop of Russia had been ruined by dry weather stimulated the bulls to a high pitch of enthusiasm which lasted until near the close, when realizing caused a %c reaction from the top. An improvement in the export demand at the seaboard and a decrease of 1,276,000 bushels in the visible supply helped the advance. July opened 14c higher at 78%@784c, declined slowly to 78c, advanced irregularly to 79%@79%o and reacted to 78%c at the close. Chicago received 114 cars, eleven of which graded contract. Minneapolis and Duluth got 1,213 cars, compared with 1,188 for the corresponding two days last year. Western receipts were large and clear-

ances liberal. Corn was exceedingly indifferent at the start, but it finally moved upward with wheat excitement and on complaints of too much rain. A decrease of 3,248,000 bushels in the visible also had a strengthening influence. Receipts. cars. July opened 1/0%c higher at 33@334c. clined to 32%@33c, advanced to 33%c and closed

Oats ruled firm and higher in sympathy with other grains. Cash demand was good. Receipts, 604 cars. The visible decreased 143,000 bushels. July started 1604c higher at 21%@23c, eased off to 22% @22%c, advanced to 23%c and closed at

Liquidation owing to the announcement of the stronger at 5@15c higher; winter patents, \$3.90@ appearance of yellow fever in the South weak-4.10; winter straights, \$3.60@3.75; winter extras, ened provisions. July pork opened 171/20 lower at \$2.65@6.20; Minnesota bakers, \$3.10@3.25; winter \$8.02\\, advanced to \$8.07\\ and declined to \$7.90 low grades, \$2.45@2.55. Rye flour firm; good to at the close. July lard opened 214@5c lower at fair, \$3.10@3.25; choice to fancy, \$3.30@3.50. Corn \$5.02\2@5.05 and closed with sellers at \$4.92\2@4.95 July ribs opened 5@71/2c lower at \$4.571/2@4.60 and declined to \$4.50 at the close.

Condition of Wheat and Corn. CHICAGO, May 31.-The Corn Belt, in its cattered throughout Nebraska, Iowa, northern Kansas, northern Missouri and northeastern Colcrado, the indications are that winter wheat has suffered from winter kill to the extent of at least one-half the yield. The remaining crops are re-ported late and in normal condition, with the exception of a heavy growth of weeds conseuent upon the recent heavy rains. In Nebraska the corn acreage is increased 21 per cent. owing to killed wheat being plowed up and put in corn. In Iowa the acreage is about the same as last

year; in Kansas an increase of 20 per cent. and Missouri an increase of 17 per cent.'

Decrease in Visible Grain. NEW YORK, May 31.—The statement of the visible supply of grain in store and affoat on Saturday, May 27, as compiled by the New York Produce Exchange, is as follows: Wheat, 22,192,000 bu, a decrease of 1,276,000 corn, 13,775,900 bu, a decrease of 3,243,000; oats, 7,883,000 bu, a decrease of 140,000; rye, 689,000 bu, a decrease of 142,000; barley, 1,455,000 bu, a decrease of 12,000.

Cotton Reporter will say to-morrow of the wood trade: The wood market has been distinctly be taken for export; that is, if domestic sumers do not come up to the price at which wool is held here. The sales of the week in Boston amount to 3,456,000 lbs domestic and 979,000 foreign, making a total of 4.435,000 lbs, against a total of 6.688,000 for the previous week and a total of 2.135,000 for the corresponding week last year. Sales since Jan. 1, 1899, amount to 100,026,800

bs, against 50,483,310 last year at this time. ST. LOUIS, May 31.-Wool market in health; condition. Demand from manufacturers, specu-lators and other classes of buyers and for all grades of wool. Values unchanged, but com-paratively high and firm, even for the inferior sorts, while particularly strong for straight lots

Metals. NEW YORK, May 31.-The metal market in a more or less nominal. Buyers show considerable indifference at present prices, while sellers are not inclined to give way. According to the New York Metal Exchange official report pig iron warrants closed quiet at \$11.75 nominal. Lake copper very dull at 18.50c nominal. Tin very dull at 25.65@25.75c. Lead very dull at 4.45@4.50c. Spelter closed weak at 6.75c. The brokers price for lead is 4.25e and for copper 18.25@18.50c. ST. LOUIS, May 31.—Lead steady at 6.32%c. Spelter dull at 6.50@6.55c.

Dry Goods. NEW YORK, May 31.-Business in cotton goods has been on a restricted scale to-day, but a good mail order demand has come forward. There has 82c; September, 81%c; No. 2 hard, 77c. Corn been no change in tone in any direction and higher; No. 2, cash, 33c; July, 32%c; September, prices are firmly maintained in brown, bleached 32%c. Oats easy; No. 2, cash, 25%c; July, 23%c and heavy colored cotton goods without further firm. Ginghams quiet, but strong. Woolen and

on the New York Stock Exchange yesterday in Mr. Flower's death, for the most powerful support prices and avert a panic. It had but newly inaugurated a campaign last week when the decision to close the Exchange for three days consequent neglected trading on the London Exseverely in the later break showed signs of firmness and even of strength in the opening transactions. This was notably true of Sugar, Brooklyn Transit, Manhattan and New York Central. But

prices were as a whole unduly high and that a

yellow fever at New Orleans and the resulting trade war were made much of. A sharp decline were: Metropolitan, 13; Sugar, 8%; Brooklyn specialties from two to over four points. In the railways Burlington, the Minneapolis & St. Louis

gers, the Pacific and the trunk line group fell between two and three points. In the outside market the newly floated Amalgamated Copper stock sold at 95, against the subscription price at par.

Bonds yielded in sympathy with stocks, but were relatively firmer. Total sales, par value, states threes the new fours.
